

## Family Mountain Adventures Activity Guide

**Archery Tag Competition:** Archery Tag is an action sport that combines elements of dodgeball and archery. The experience is fun, fast-paced, and great for ages 10 and up. The object of Archery Tag is to be the team with the most players remaining on the field/court at the end of the game. A player is deemed out when they are tagged with an arrow. Whether members in your group are experienced archers or brand new to the sport of archery, Archery Tag is a perfect activity! With bunkers to hide behind and targets to shoot, there is always a lot going on. And, with the patented safe archery arrows, the game is virtually pain free.
