

Day-Long Adventure Packages

Intro to Rock Climbing: This adventure will give you an introduction to sport climbing. We will start the day in our 42-foot indoor Rock Barn, where we have many routes ranging from a 5.4-5.11 in difficulty. Throughout our morning session you will be able to climb 1-2 warm-up routes as well as receive instruction in knot tying and belaying basics. After lunch, we will continue your package with climbing and belaying practice at one of IdRaHaJe's climbing sites. The site selection will depend on availability, weather and group dynamics. Climbing sites may include Wilderness Ridge Rocks, Crow Hill Crag (requires a mile-long hike over steep and rocky terrain), Staunton State Park, the Boulder House, IdRaHaJe's Rock Barn or outdoor Climbing Tower. Throughout this adventure, you will use the skills you learned throughout the indoor session. All technical gear included.

Climbing shoes are available up to size 13. Participants may bring their own equipment, but it may only be used after inspection and approval by a qualified IdRaHaJe

staff member. See the packing list for recommended and encouraged gear to wear/bring. Due to camp policies, only qualified staff can independently belay climbers.
